I am working and I am unable to change the shift.	
Other reason (please give details in this box).	

To be able to make a proxy vote you must nominate a club member who is attending the meeting to vote on your behalf. You must have already received their approval to be nominated. You must arrange with them how you would like them to vote on each motion and position detailed on the agenda. There may be aspects of a motion that make it unsuitable for a proxy vote. Members nominated to vote can only do so for one person. If the nominated member fails to attend the meeting your vote will be void. If the person you nominate is already making a proxy vote for another person you must find someone else to make the proxy vote on your behalf.
